

VIDEO AND REMOTE GUARDING SOLUTIONS

Proactive Security Solutions that Detect, Deter and Defend

Trespassing on commercial properties typically leads to vandalism, theft, and loitering. At any given time during the day there are employees, vendors, customers, guests, warehouse deliveries, and more roaming the premises. With all this foot traffic happening during business hours, not to mention outside of business hours, your corporate campus is always at risk. You need 24/7 eyes watching and protecting your premises through remote guarding and video surveillance from Becklar.

HOW BECKLAR MONITORING'S REMOTE GUARDING SOLUTIONS CAN HELP

Eyeforce offers 24/7 surveillance of your property by utilizing remote guard monitoring from a central security operations center. With our remote guarding services, your property receives AI powered surveillance technologies backed by a team of live intervention specialists and operators that monitor your property without the high cost and high liability associated with uniformed guards.

HOW IT WORKS

- Government-grade video surveillance and analytics detect unwanted, unusual, or suspicious behaviors, alerting crime specialists.
- Security specialists deter crime by immediately and directly engaging the individual with a loud warning to exit the property and communicate with law enforcement.
- Eyeforce provides proactive rather than reactive security, complete oversight of large, dark, or remote sites, immediate intervention that stops crime, and complete peace of mind.

TOP BENEFITS OF EYEFORCE REMOTE GUARDING

- Every video surveillance camera is turned into a remote guard and can cover an entire facility simultaneously
- It's a proactive video monitoring solution that stops crimes before they even start
- Security guards at commercial properties are replaced with remote intervention specialists that watch over the facility 24/7
- An opportunity to grow your business by providing increased RMR
- A significant cost savings while eliminating human error facts from security guards
- Overall decreased risk of theft, vandalism, violence, fraud and loitering
